INDULGE YOURSELF

self-love

noun

Self-love means being gentle, kind, compassionate and understanding toward ourselves when we suffer, fail, or feel inadequate. It is about having a high regard for our own well-being and happiness by taking care of your own needs and not sacrificing them to please others.

“you yourself, as much as anybody in the entire universe, deserve your love and affection”. - Buddha

HELLO GORGEOUS!

I'm Casey, and I want to capture the most beautiful photos you've seen of yourself. Not for anyone else, but you! A lot of people ask me why? Well I say why the hell not! We only have one body, one life, so why not capture it for all time! Do something that scares you! Do something that will change the way you feel about your body! And everytime you look at your photos I hope you remember just how gorgeous you are, no matter what life throws at you, because beauty comes from within. It is a feeling. It is self-love and it is not selfish or vain to love yourself! It is essential!
